**Company description :**

About our company:

RTL Group is the leading European entertainment network, with interests in 54 television channels and 29 radio stations and content production throughout the world. The television portfolio of Europe's largest broadcaster includes RTL Television in Germany, M6 in France, the RTL channels in the Netherlands, Belgium, Luxembourg, Croatia, Hungary and Antena 3 in Spain. The Group also operates the channels RTL CBS Entertainment HD and RTL CBS Extreme HD in Southeast Asia. RTL Group's families of TV channels are either the number one or number two in eight European countries. The Group's flagship radio station is RTL in France, and it also owns or has interests in other stations in France, Germany, Belgium, the Netherlands, Spain and Luxembourg. RTL Group's content production arm, FremantleMedia, is one of the largest international creators, producers and distributors of multi-genre content outside the US. With operations in 28 countries, FremantleMedia's comprehensive global network is responsible for more than 10,000 hours of programming a year and distributes over 20,000 hours of content worldwide. Combining the catch-up TV services of its broadcasters, the multi-channel networks BroadbandTV, StyleHaul and Divimove as well as FremantleMedia's more than 210 Youtube channels, RTL Group has become the leading European media company in online video. RTL Group also owns a majority stake in the programmatic video advertising platform SpotXchange. For more information, please visit [RTLGroup.com](http://RTLGroup.com) and follow RTL Group on Twitter @rtlgroup.

**Job description :**

Your challenge:

- Analyzing and documenting local and group wide policies and procedures,
- Supporting group wide synergy initiatives, in close cooperation with the operational businesses (FremantleMedia, RTL France, Mediengruppe, M6...),
- Supporting the intrusion testing, external audits and certification projects (SOC),
- Assisting with the business continuity planning and disaster recovery plan testing activities,
- Auditing technical and functional aspects of the IT control environment,
- Analyzing, recommending and implementing IT internal control improvements,
- Assisting with the risk assessments for different projects and services.

During the missions, you will be in contact with Information Technology General Controls (ITGC) worldwide standards such as: COBIT, ITIL, ISO, ISAE.

**Required profile :**

Your profile:

- Holding or working towards a relevant university degree in business administration, information systems or other IT related studies,
- Strong interest in IT Management, Controls, Governance, Security and Business Continuity,
- Fluent in (both written and spoken) English and have a good knowledge of French and/or German,
- Excellent knowledge of Microsoft Office applications,
- Strong analytical and methodological skills, an energetic practical approach, a strong work ethic and an intellectual curiosity,
- Excellent interpersonal communication and presentation skills.
