Company description :

AIRBUS GROUP

Job description :

Airbus Toulouse is looking for an intern for a 6-month internship.

In the context of the A350 Engineering reorganisation, to adapt to the programme ramp-up, the integration community has been gathered under a single organisation.

Required profile :

You are preparing a 2/3 year level (or equivalent) diploma, specialising in Web Design.

You ideally have initial experience in Engineering and Web Design (school projects or previous internships).

You have knowledge of:

- Industrial Design Office operations
- Aeronautical industry, meeting the expectations of the eSite users.
